# The Enterprise DevOps TechCon 2023

On a day back in March...

The Enterprise DevOps TechCon is a **one-day community conference** for **developers, architects, DevOps and cloud engineers** who want to learn how to **build and deploy** modern applications with the latest DevOps tools and practices.

We're bringing together industry peers, experts and thought leaders that want to talk, share and learn about run & manage **Kubernetes, modern apps development and platform engineering** in the **enterprise**.
